

Water Management System Fuel Management System

DATALOG Water / Fuel Management System 24 x 7 monitoring with full data logging without human intervention

Highly Scalable Solution -

- Home ---> Office ---> Factory ---> Farms ---> Lakes ---> Rivers
- 1 Storage Tank ---> 000s of Storage Sites
- Single location ---> 000's of locations
- Water Management for Home ---> Water Management for City ---> Flood Monitoring

Flexible Solution –

- Tube-wells, Storage Tanks, Open ponds
- Works for any kind of fluid Water, Milk, Oil, Petrol, Chemicals
- Supports Multiple tank types Underground, Overhead, Any shape
- Suitable for Filtration Plants, RO Plants, Sewerage Treatment Plants
- Suitable for Petrol Pumps, Fuel Storage facilities (ATG)
- Moving Tanks are supported --- Monitor Any Tank, Anywhere
- Customized solutions possible

Advanced Functions –

- Monitor stored fluid as well as IN flow / OUT flow
- Monitor Pumps; Electrical Panels, Generator Sets
- Monitor temperature, humidity, smoke, fire alarms
- Public water supply schemes monitoring; Flood monitoring system

Latest Technology –

- LOW COST uses latest Internet-of Things IOT technology
- Stand Alone OR Cloud Based software
- Sensor Data Collection System Any sensor, Anywhere, Any time
- Integration of Sensor Data with ERP SAP, Oracle, Dynamics or other ERPs SaaS to SaaS
- Management Dashboards DATA Analytics for large volume sensor data

Features

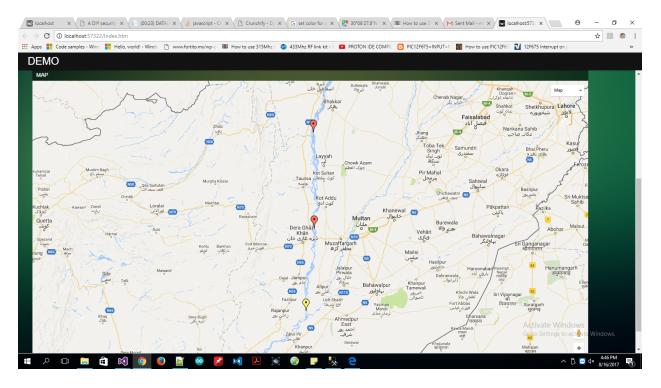

- Uses GPRS communication where no Wi-Fi is available
- Monitor sensor parameters such as :
 - Level, inflow, outflow, temperature
 - Chemical content, Chlorination level, PH level
 - Water content in petrol tank, etc.
- Display site locations on Google Maps; Graphical reporting of location sensor data
- Alarms generated for specified user conditions
- Alarm information sent immediately by email or SMS to designated individuals
- Complete past record available for query, analysis and downloading to ERP systems

REAL TIME STATUS of Tanks – Any Tank, Any where

REAL TIME STATUS of Water Level at any remote location - tube well, pond, lake, river
