Real Time Attendance Monitoring

For any Employee, Any where

DATALOG IOT Application

Attendance Issues Today

- Is department / location attendance available online to managers **as the employees clock-in**?
- Do we have **SINGLE dashboard for all locations** and all employees?
- Does it work for **international locations**?
- Can we build location security features such as **"Who is where now?"**

DATALOG IOT Solution

DATALOG - AMS

- Collect clocking in / out data directly from remote biometric devices in real time
- Transfer via – WiFi, LAN, GPRS – to central software
- Real Time data available centrally for entire organization
- Managers Dashboard on laptop or smart phone

Benefits

- **EXTREMELY Low Cost**
- **FAST SETUP - Few minutes only**
- **NO CHANGE NEEDED - Works along side existing systems**
- **Online Dashboard** for authorized users anywhere
- **SMS or Email Alerts for managers**
- **Data Query facility** - History is maintained
- **Business Intelligence**
